## GERMAN METHODS

Reports From China Show That Natives Are Given No Quarter.

### SCENES ARE DESCRIBED

Private Soldiers Write Back to Germany of Scenes They Had to Participate In.

Natives Tied Together By Queues and Shot Down By the Soldiers En Masse.

Berlin, Nov. 2.—Considerable impatience at the meagerness of the news from China is finding expression here. The inference is that German censorship over such information is very strict. Letters from privates in China begin to find their way into the social Democratic papers showing that the German troops give no quarter. The Bremen Buerger Zeitung publishes a letter from a soldier in Peking who said he witnessed the following scene:

"Sixty-eight captives, some of them not yet adults, were tied together by their big tails, beaten bloody by the Germans, compelled to dig their own graves and then shot en masse."

The Halberstadter Volks Zeitung prints a communication from Peking in which the writer says:

"No prisoners are taken. All are shot or, preferably, sabred to save ammunition. On Sunday afternoon we had to bayonet 74 prisoners. They had killed one of our patrolmen. An entire battalion pursued them and captured 74 alive. It was cruel. It was indescribable."

### GETTING IN LINE

The Alignment of the Powers is Now Practically Complete.

Washington, Nov. 2.—The alignment of the powers on the British-German agreement is now practically completed, Russia being the only government remaining to be heard from.

Aside from Italy and Austria, whose adherence to the political relations with Germany, Japan is the only one of the powers which has given unconditional assent to the agreement.

The matter now stands, five of the powers are united on all the terms of the agreement, viz: Great Britain, Germany, Italy, Austria and Japan; two of the powers, the United States and France, accept the clauses relating to the open door and the territorial integrity of China, but withhold action on the third clause, relating to the future procedure in case any power seizes territory.

The course of Russia is not yet known as far as officials here are advised, as neither the state department nor the Russian embassy has received information of any Russian answer.

The chief effect of the exchange has been in bringing five of the powers to an agreement to respect the "open door" and the integrity of China, and to consult among themselves as to a future course in case any of the other powers sought to take Chinese territory.

These "other powers," as the negotiations now have been shaped, are the United States, France and probably Russia. As to the United States, there is, of course, no possibility of an initiative in taking territory, so that the terms of the third clause would appeal to France and Russia, and would bring about concurrent action of the five powers in case either of these two sought to extend their domain in China.

Satisfaction in Germany.

Berlin, Nov. 2.—Answers to the Anglo-German agreement have been

He Loves Me—?

The dainty flower oracle may tell her true or false, but some day the prince will come and she'll dream the dear dream of home life and motherhood in that dream she will see herself always happy, always with a smile for the husband and a kiss for the baby. What a pity to wake from such a dream, to almost loathe her husband and hate her child, because cruel pain has blighted her body and warped her mind. How many a woman has had this sad awakening from her dreams of home and love! There's help and healing for every woman who suffers from womanly diseases, caused by girlish ignorance, wisely neglect or the strain of maternity. Doctor Pierce's Favorite Prescription makes weak women strong and sick women well. It heals diseases of the delicate organs, practically does away with the pains of maternity and gives the nursing mother vigor and vitality.

"Two years ago," writes Mrs. Katie Auliker, of 541 1/2 St. Street, Alliance, Ohio, "I used two bottles of 'Favorite Prescription' and in April a nice baby was born, before the doctor came. I was not very sick. Baby is now fourteen months old and weighs 30 pounds. Before commencing Dr. Pierce's Favorite Prescription I had to vomit every day but after I got the medicine, from the first spoonful that I took, I stopped vomiting. It is a God-send for women."

When a laxative is needed, use Dr. Pierce's Pleasant Pellets with "Favorite Prescription."

received from all the powers, France and Russia making a reservation regarding article three similar to that made by the United States and Japan making no reservation whatever. This result causes much satisfaction in official circles in Germany, which emphasize the contention that article three is divested of all importance inasmuch as all the powers have accepted articles one and two.

Saucy Frenchmen Ejected.

Tientsin, Nov. 1, via Shanghai, Nov. 2.—Yesterday at Yung Tsui a party of French officers occupied a coach of the special train assigned to carry the 14th United States Infantry to Tong Ku and declined to leave when requested to do so. Col. Daggett of the 14th, called the American guard and forcibly ejected the officers. The French are greatly incensed over the incident and demand an apology.

The Powers Getting Together.

St. Petersburg, Nov. 2.—The text of the American, French and Russian answers to the note answering the Anglo-German agreement on China are now generally known here. They are considered entirely similar in substance, showing that these three powers are in perfect accord. This has produced an excellent effect both in government and private circles in this city.

Leaving Tientsin.

Tientsin, Nov. 2.—The 14th United States Infantry regiment has started for Manila.

British Embassy Reestablished.

Washington, Nov. 2.—Lord Pauncefoot, the British ambassador, has returned to Washington, after an extended stay at Newport, and has reestablished the British embassy here.

CLOSING HIS CANVASS

Gov. Roosevelt's Remarkable Tour Will Close Tonight.

Jamestown, N. Y., Nov. 2.—Gov. Roosevelt will close his New York tour today. He finished the next to the last day of his tour in this city after having traveled through five counties, making 15 speeches during the day.

The two stops where the most considerable time was spent was at Dunkirk and Jamestown. His speeches during the day at both of these cities were flavored with vigorous attacks on Richard Croker and National Chairman Jones for their alleged attitude on the counting of the ballots which Gov. Roosevelt diagnosed as an indictment of violence. At both Dunkirk and Jamestown and especially in the latter place last night, there were immense audiences. At Dunkirk, the locomotive works suspended work in order to give the employees an opportunity to hear him.

Gov. Roosevelt, when he had finished his work last evening was in the best of condition. His voice is still good, the temporary soreness in his chest has left him and his physical condition is perfect. With the exception of a speech at Oyster Bay on Monday night he will finish his speech-making tour at Oswego tonight.

TOOK LEG BAIL

A Trio of Prisoners Break Away From Alcatraz Island.

San Francisco, Nov. 2.—Three prisoners have escaped from the United States military prison at Alcatraz Island. One of the escaped prisoners was Frank Kline, who was under a sentence of 15 years for desertion and treason. Kline was brought here a few months ago in from Manila. He had deserted his command and accepted a commission from the Filipino army. He was caught by the American troops, leading a charge of the insurgents. Kline claimed to be a prisoner of the Filipinos, but the Americans who were with the party as prisoners, declared this to be a falsehood and denounced the man as a traitor and a rebel. The other two who escaped with Kline were C. J. Huntington, under sentence of 10 years, and J. M. Potts, serving five years.

Clearing the Wreckage.

New York, Nov. 2.—Work on the ruins of the Tarrant store and the adjacent property is being pushed to the full limit of the contractor's powers. The best efforts of the force are exerted in Warren street, which the contractors hope to have clear by tomorrow noon. The search for the bodies is being pushed in the northwest corner of the Tarrant building where were the stairways down which it is reported the girls employed by the firm, made a rush to escape, just before the explosion took place. No bodies have yet been found at this spot or anything which would indicate the near presence of bodies.

Judge Vail Speaks Out.

Chicago, Nov. 2.—Judge Vail in open court yesterday created a sensation by declaring that in his opinion dealing on the Chicago board of trade and dealing in one of the institutions which the members of the board of trade had stigmatized as a "bucketshop," were practically the same. He stated that the same thing was called "gambling" in the bucketshops, and "speculation" on the board of trade, but that both were "betting, pure and simple."

Seventy Policemen Required.

Chicago, Nov. 2.—Senator M. A. Hanna bowed to a storm of hisses, cat calls and cheers for Williams Jennings Bryan in the big circus tent at Halsted and Thirtieth streets last night, giving up his attempt to get a hearing until the police had restored order. For 45 minutes the mob had its will, and then 70 policemen took a hand and cleared the aisles.

The Mystery of the Death of Millionaire Rice Is Clearing.

### THE VALET CONFESSES

Lawyer Patrick, Who Benefited By Alleged Forged Will, Is Accused of Bold Murder.

Valet Jones After Telling of the Death Scene Attempts to Take His Life.

New York, Nov. 2.—The death of the wealthy William Marsh Rice at his Madison avenue apartments on Sept. 23, the attempt of his New York attorney, Albert T. Patrick, to cash checks for large amounts which purported to be signed by the millionaire; the refusal of one bank to cash the checks drawn on it and the discovery by the bank officials that Mr. Rice was lying dead at the time the checks were presented; the subsequent claim by Patrick that Mr. Rice had made him by will the trustee of his estate which amounts to anywhere from \$3,000,000 to \$8,000,000; the charge of forgery both as regard the checks and the will placed against Patrick and

Major Davis Dead.

Washington, Nov. 2.—Gen. MacArthur at Manila has notified the war department that Maj. John G. Davis, United States volunteer, died at Manila yesterday morning of chronic Bright's disease. Maj. Davis was a native of Illinois and a veteran of the war of the rebellion. At the outbreak of the Spanish war he was appointed major and surgeon of the 7th United States volunteer infantry, and remained in the volunteer medical establishment up to the time of his death. In the early part of 1899 Maj. Davis was the chief sanitary officer of Havana. At the time of his death he was the chief surgeon of the Third district of southern Luzon.

Deadly Open Switch.

Hinckley, Minn., Nov. 2.—The limited train on the St. Paul and Duluth road ran into an open switch near here and the engine and two cars were derailed. Brakeman William Rapp of St. Paul was killed. None of the passengers was seriously injured.

Albert T. Patrick.

Mr. Rice's valet, Charles F. Jones, the arrest of Patrick and Jones and their lodgment in jail, have kept New York interested for over a month in what, by present developments, promises to become the most celebrated of the many celebrated crimes which the courts of this city have been called on to investigate.

The first incident which led up to the climax was the fact disclosed Wednesday that Valet Jones had been taken to the district attorney's office and the subsequent rumor that he had made a confession to the authorities. Before the public had time to learn if the report of a confession was true came the more startling news that Jones had in his cell in the Tombs attempted suicide by cutting his throat with a penknife given him, he says, by Attorney Patrick, also confined in the Tombs, and for the purpose of getting rid of one witness to Patrick's alleged crime.

His crime, according to the confession of Jones, was nothing less than the murder of the millionaire by Attorney Patrick and the purloining of valuable papers relating to the estate. The taking off of Mr. Rice, says Jones, was done by the internal administration of some poison, supposedly mercury, and the final application of a towel saturated with some anesthetic, presumably chloroform. That portion of the confession which has to do with the last moments of the old man is the following, given out by the authorities as coming from Jones, the scene taking place in the apartments of the millionaire and he lying sick in bed:

"Rice said: 'I am very nervous, Mr. Patrick. I wish you would not trouble me. Please go away.'"

"Patrick replied, 'I have some salts here, Mr. Rice, that will cure your nervousness.'"

"He produced a bottle and uncorked it. The contents smelled to me like some very strong liniment. Then Patrick said to me: 'Get me a towel and a sponge.' I got him both. Then Patrick said: 'Jones, you have to leave.'"

"I left. As I was leaving Patrick said: 'I'll remain here until Mr. Rice gets to sleep.' He closed the door behind me. I stood in the hall for a few minutes and soon I heard Mr. Rice laugh. I thought this was queer, so I pushed open the door. I saw Mr. Rice lying on his back in bed. The towel that I had given Patrick was wrapped around the sponge in a cone shape. This cone was lying directly over Mr. Rice's eyes and nose.

"Patrick was pressing it down with his right hand. Patrick did not see me and of course, Mr. Rice could not. After seeing what I had seen, I went and laid down on my bed. Mr. Rice grew very sick. Patrick said to me: 'Go get a doctor.' I went for one. He pronounced Mr. Rice dead."

Attorney Patrick denies having furnished Jones with a penknife and he also denies the statements in the confession. Jones after his suicidal attempt, was taken to Bellevue hospital, hastily summoned physicians having just been in time to save him from death through loss of blood. The chances are that in a few days he will again be returned to the Tombs.

Michael Pulley Attempts to Wreck His Wife's Home.

Marion, Ind., Nov. 2.—Michael Pulley, aged 39 years, has been arrested charged with attempting to blow up with dynamite his wife's home in Elwood. Pulley confesses to the crime. He bought a stick of dynamite in Marion, drove to Elwood and placed the stick on the piano through an open window. Mrs. Pulley was awakened by the smell of smoke, saw the dynamite and threw it into the yard, where it immediately exploded. The family would have been killed had the explosion occurred in the house. Pulley says he married Mrs. Burns two years ago. He deeded her his farm of 80 acres in Grant county before he married her. Later they separated, and she sold the farm, keeping the money. It is thought Pulley is mentally unbalanced.

### Does it Pay to Buy Cheap.

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you then in either case take the ONLY remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try ONE bottle. Recommended many years by all druggists in the world. Get Green's Prize Almanac. W. F. Peter's, druggist.

### Brave Men Fall

Victims to stomach, liver and kidney troubles as well as women, and all feel the results in loss of appetite, poisons in the blood, backache, nervousness, headache and tired, listless, run-down feeling. But there's no need to feel like that. Listen to J. W. Gardner, of Louisville, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down, and don't care whether he lives or dies. It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 6 cents, at W. F. Peter's drug store. Every bottle guaranteed.

Mrs. M. E. James and Mrs. D. N. Rimer, of Washington, came here last evening on business.

It Makes Restful Sleep.

Sleeplessness almost invariably accompanies constipation and its manifold attendant evils—nervous disorders, indigestion, headache, loss of appetite, etc. To attempt to induce sleep by opiates is a serious mistake for the brain is only benumbed and the body suffers by its soothing effect on the nerves and on the stomach and bowels.

## PROTECT YOUR VOTE

Be Sure That Your Ballot Is Correctly Marked.

ONLY ONE WAY TO DO IT

Give Heed to the Dangers of Loss De-tailed in the Following.

Three Thousand Republicans Two Years Ago Voted For But One Man By Reason of Putting the Cross Mark in the Wrong Place—Note the Illustration, Read the Instructions and Be Careful That in the Exercise of the Franchise Your Vote Will Be Counted.

In 1898, 280,643 votes were cast in Indiana for Union B. Hunt, whose name was at the head of the Republican state ticket; 283,565 for State Auditor Hart, and no more for most other candidates on the Republican ticket. What does this mean? Simply that more than 3,000 Republicans assumed that when they put X in the square at the left of the name of the secretary of state they voted the whole ticket, when, as a matter of fact, they voted for secretary of state and no other candidate. The Democratic loss from this mistake was somewhat greater. Jay county cast 6,371 votes for the Republican and Democratic candidates for secretary of state, near-

ly evenly divided between the two parties. From the precinct returns it appears that 220 ballots were rejected because they were defective or mutilated, of which 157 were Republican and 63 were Democratic. If these ratios held good throughout the state over 19,000 voters disfranchised themselves in the voting booths at the election of 1898. If the ratio between the loss of the two parties were the same in the other counties as in Jay, the Republicans lost 13,500 votes by illegal marking and mutilation, and the Democrats 5,440. Then the Republicans lost by this sort of stupidity 8,120 more votes than did the Democrats. In three elections the electoral vote of Indiana was carried by one party or the other by a smaller vote than the Republicans throw away by inexcusable carelessness.

Strange as it may appear, they are not uneducated men who make these errors, but men who are considered wide-awake and intelligent—men who are confident they know it all. It is said that in several meetings of intelligent Republicans held recently in different parts of the state from two to six in meetings of 30 or 35 could not mark a ballot as the law requires. Yet the requirements are plain. The mark must be with the blue pencil which the precinct clerk furnishes, and must be an X; to vote a full Republican ticket the X must be inside a circle in which is the picture of an eagle; to vote a mixed ticket the X must be put in the square at the left of each name for which the voter desires to vote, and he votes only for the names against which he makes the X. If he marks in the circle and against a name in the square, he destroys his ballot. If the cross of the X is made outside the circle, the ballot is void; if he makes any other mark on the ballot than the X, as above indicated, he destroys his ballot. Having marked the ballot, he must fold it so that the initials of the names of the precinct clerks are on the outside so that they can be seen.

The correct marking of ballots with the blue pencil is one of the important matters of the campaign hereafter. The Republican who reads this article can do no better service than to clip it and show it to others, and ask all Republicans whom he meets if they know how to mark a ballot. In conclusion, the one safe way is to put a distinct X under the eagle inside the circle.

### INDIANA DEBT

Republicans Always Reduce It, Democrats Always Increase It.

History discloses that from the very organization of the Republican party to the present time, with the single exception of the years during the civil war, whenever the Republican party has been in power in the state, the debt of the state has been reduced annually. This has not been true of the record of the Democratic party. All the debt of the state that has occurred since the close of the civil war has been the creature of Democratic mismanagement of the finances of the state. Nearly all the reduction of the indebtedness since the close of that war has been under Republican administrations, and been largely the result of the careful and economical handling of the affairs of the state by Republican officials. This of itself demonstrates which party has served the state best. The state officers now candidates for re-election stand for the Republican policy. With Colonel Durbin as governor there will be an adherence to business principles.

### A Village Blacksmith Saved his Little Son's Life.

Mr. H. H. Black, the well-known village blacksmith at Grahamsville, Sullivan county, N. Y., says: "Our little son, five years old, has always been subject to croup, and so bad have the attacks been that we have feared many times that he would die. We have had the doctor and used many medicines, but Chamberlain's Cough Remedy is now our sole reliance. It seems to dissolve the tough mucus and by giving frequent doses when the croupy symptoms appear we have found that the dreaded croup is cured before it gets settled." There is no danger in giving this remedy for it contains no opium or other injurious drug and may be given as confidently to a babe as to an adult. For sale by C. W. Milbous.
